Ruthless fighting game set in Caesar Caligula's Rome! Six fierce gladiators clash on the sands of Colosseum and after that they must accept the challenge of Caesar Caligula who is armed with the invincible steampunk armour!

Gladiator bastards is the first game by the Finnish game company, [Frak Ltd](#). The game has been under production for nearly two years in which time everything in the business was learned the hard way. The game is targeted to players of 25-35 years old. The game includes violence and rude language.

The game is played via virtual controller. The players can share their battles as video on **Everyplay** service. The game is available from [Play store to android devices](#). IOS version is expected to be released at the beginning of 2017.

The release of the game does not mean that the development is over. Frak will continue working on new features for **Gladiator Bastards**. These features include character based leaderboards, network game, extra characters, extra weapons etc.
